

LOCATION

Millennium, excellence for exceptional events

Millennium is Switzerland's leading destination for high-value professional and cultural events. Ideally located in the heart of the Lake Geneva region, in Lausanne-Crissier, just 30 minutes from Geneva, Bern and Montreux, this outstanding venue transforms every event into a truly memorable experience.

Elegant spaces, highly personalised services, proven expertise and meticulous attention to detail define every moment.

A unique positioning in Switzerland
Millennium stands apart thanks to its fully integrated model, unique in Switzerland. All services are brought together on a single site, ensuring seamless delivery, strategic consistency and exceptional responsiveness. A single point of contact, cutting-edge technology and bespoke hospitality provide complete control over every project, from concept to execution.

The 500-seat auditorium hosts international congresses and conferences within a state-of-the-art technical environment. Scripted lighting, high-precision sound and advanced video capture and streaming are designed to the highest standards, enhancing the impact of every keynote address.

The conference center offers flexible, comfortable and fully connected rooms, perfectly suited to executive meetings, product

launch, workshops and strategic seminars. Reception areas provide outstanding creative freedom for gala dinners, product launches and cocktail receptions, with tailor-made layouts designed to elevate your brand and create a distinctive atmosphere.

A world-class cultural signature
Millennium is home to the world's first **Montreux Jazz Club**, created in partnership with the Montreux Jazz Festival. This exclusive venue brings together an event space and a Business Club in an elegant and intimate setting. It hosts corporate evenings, private concerts and a unique public music programme, enhanced by exceptional acoustics. Members enjoy privileged access to exclusive experiences, a distinguished business network and the prestige of an internationally renowned cultural brand.

A tailor-made event offering
Millennium's dedicated event team supports each project with care and creativity, from concept to final delivery. Attentive listening, strategic guidance and centralised coordination ensure that every event is perfectly aligned with your objectives. Immersive scenography, artistic direction, renowned speakers and international artists combine to inspire, engage and exceed expectations.

Beyond the event spaces, the experience continues with the same high standards: accommodation management, transfers, entertain-

ment, and cultural or sporting activities are orchestrated to provide customers with a seamless, end-to-end experience.

Gastronomic excellence
At Millennium, excellence is also expressed through gastronomy. French-inspired cuisine celebrates regional and seasonal produce with precision, creativity and finesse. The restaurant Brasserie, awarded 15 points by Gault&Millau Switzerland, embodies this commitment to quality. The catering service applies the same high standards across all event and reception spaces.

Since 2025, Millennium has partnered with Potel & Chabot, the French leader in prestigious receptions, combining two recognised high-end hospitality know-hows to deliver a refined and distinctive event offering in Switzerland.

A recognised destination
Ranked among Switzerland's finest congress venues by the Swiss Location Award 2025, with a score of 9.4, Millennium confirms its positioning based on technological excellence and an outstanding customer experience.

More than an event center, Millennium is a fully integrated destination dedicated to exceptional hospitality and comfort. Fine dining restaurants, a gourmet delicatessen, concierge services, an art gallery, an elegant bookshop, an indoor golf area, a hair salon,

dry-cleaning services, and state-of-the-art fitness facilities come together to form a premium ecosystem designed to extend the experience far beyond the event itself.

Millennium's commitment is clear: to offer companies a refined, high-performance and inspiring environment designed for strategic dialogue, value creation and truly memorable experiences.

At Millennium, excellence is lived and shared.
